

Philips
Surge protector

Home theater

5 outlets

SPN6540

Home office surge protector

918 Joules/ 36,000 Ampere

Designed to perform and protect, this surge protector features advanced technologies to keep equipment safe from electrical surges. Power Blocker® circuitry automatically shuts down power to your system to protect against subsequent surges.

Ideal for broadband, dial-up, DSL and CAT5

- RJ45 data line protection
- Coax line protection

Dependable protection

- 40 dB EMI/RFI noise filtration
- V3 Advanced Surge Technology
- Master on/off switch
- Power blocker
- €100.000 equipment warranty

Built-in convenience

- Right angle plug
- Protection indicator light
- 1 m power cord

PHILIPS
sense and simplicity

Home theater 5 outlets

Specifications

Packaging dimensions

- EAN: 87 12581 36941 5
- Number of products included: 1
- Packaging type: Blister
- Packaging dimensions (W x H x D): 6 x 15 x 48 cm
- Nett weight: 0.686 kg
- Gross weight: 0.846 kg
- Tare weight: 0.16 kg

Outer Carton

- EAN: 87 12581 36942 2
- Number of consumer packagings: 3
- Outer carton (L x W x H): 50.2 x 17.2 x 19.7 cm
- Nett weight: 2.058 kg
- Gross weight: 2.988 kg
- Tare weight: 0.93 kg

SPN6540/I9

Product highlights

RJ45 data line protection

These connectors route the data line through the surge protector to protect against spikes and surges that may occur through the data line.

40 dB EMI/RFI noise filtration

Built-in filtering technology ensures the best performance from your components. It guards against signal interference and loss of data. The higher the dB rating the better the noise reduction.

V3 Advanced Surge Technology

This new surge protection technology provides 27% greater surge protection capacity and better heat dissipation for safe, more reliable and longer lasting surge protection.

Right angle plug

This flat design allows for more positioning options and lets furniture sit more closely to the wall.

Protection indicator light

This LED alert lights up to indicate the surge protector is working properly.

Master on/off switch

This master switch controls power to the outlets on the surge protector.

Coax line protection

Connectors route the coaxial signal through the surge protector to protect against surges and spikes.

Power blocker

This automatic shutdown technology senses when the device has reached capacity and automatically shuts down electricity to your equipment. It protects against subsequent surges, even if you are not present.

€100.000 equipment warranty

Protects your connected equipment for the life of the product.

1 m power cord

Provides power to the unit which can be 1m from the AC outlet.
